

## Outstanding Service Nomination

Every so often the National Watermelon Association recognizes and honors a person with the Outstanding Service Award. This special award is presented to a person that has gone above and beyond in their support of the NWA for many years past. The honor is held in high esteem and is earned (and deserved) by the very few that have contributed their valuable time, efforts, and leadership to the expressed benefit of the NWA. This award is unparalleled and represents the highest recognition that the National Watermelon Association can present at the national convention.

To submit a person for consideration of this honor, please complete the information below and submit your entry to the NWA Office no later than December 15, 2022:
