

NWA 2023 EXHIBIT CENTER

As we prepare for the 2023 National Watermelon Association convention, we are excited for the return to our popular exhibit center. We have been able to secure many spaces for you to exhibit your products and services.

For our return to the annual convention in Asheville, we have Great News. We will have up to 30+ table-top display areas in the best location we have ever had - - inside the ballroom itself - - where all of the main events are held. It doesn't get any better than this.

There are a few advantages to exhibiting with the NWA. The receptions and ballroom events will all occur on the same floor as the exhibits. The popular seed spit contests will be held in the exhibit center. And exposure to your booth will be constant and continual throughout the convention.

The main days of the convention will be *Wednesday-Sunday, February 22-26, 2023*, at the Omni Grove Park Inn in Asheville, North Carolina. Our return to this Blue Ridge Mountain community and the very popular national watermelon convention has the potential to attract one of our largest attendances in our history. Come join us and allow yourself to be amazed by the beauty of the mountains at our Watermelon Family Reunion in February 2023.

**To secure your company's space, please return a completed
Commitment Form to the NWA office at:**

FAX: (863) 619.7577

EMAIL: monicam@nwawatermelon.com

We look forward to seeing you soon at the 2023 National Watermelon Association's National Convention & Annual Meeting being held in Asheville!
