A PROGRAM WITH GOOD REFERENCES

“We've been using El Salvadoran H-2 labor since 2015. We are a winery with vineyards that the Salvadoran workers help manage. Once properly trained, the quality of their work has been excellent. They are competitive with one another, which keeps the quality and speed of their work at high levels without being careless. They treat the vineyards as if they are their own – sharing in the joy of successful vintages and in the frustration of poor ones”.
